

VICKNESWARAN HARIJITHAN

UNDERGRADUATE

ABOUT ME

Detail oriented Biomedical Science undergraduate with hands-on experience in molecular biology, clinical diagnostics, and laboratory research. Proficient in PCR, ELISA, cell culture, and diagnostic workflows with strong adherence to SOPs, GLP, and quality control standards. Experienced in data analysis, scientific reporting, and research documentation. Demonstrated leadership in multidisciplinary teams and community health initiatives. Seeking opportunities as a Clinical Scientist, Molecular Biologist, or Research Assistant in advanced biomedical and clinical research environments.

PERSONAL DETAILS

Phone Number: +94771486498

Email: vharijithan@gmail.com

Address: 15/18, Subramaniyam Lane, Arasady, Batticaloa, 30000, Sri Lanka.

LinkedIn: linkedin.com/Vickneswaran Harijithan

Date of Birth: 11th January 2001

SKILLS

Laboratory & Clinical Skills: Molecular techniques (PCR, qPCR, ELISA), cell culture, immunoassays, diagnostic testing, specimen collection and processing, microbiology, hematology, clinical workflows, laboratory safety, SOP compliance, quality control.

Research Skills: Experimental design, data analysis, statistical analysis, literature review, research documentation, scientific reporting.

Technical Tools: MS Office, Google Workspace, laboratory instrumentation documentation, LIMS systems (basic), data visualization tools.

Soft Skills: Leadership, teamwork, communication, critical thinking, problem solving, time management.

EDUCATION

**National School of Business Management (NSBM)
Green University (2023 - 2026)**

Undergraduate

BSc (Hons) Biomedical Science (UGC)

Esoft Metro Campus Batticaloa - (2021-2022)
Diploma in English (DIE)

High School Education (2017 - 2019)
Followed Bio Science Stream for Advanced Level in St/Michael's College National School

Secondary Education (2011 - 2016)
Studied from Grade 6 to Ordinary Level in St/Michael's College National School

EXPERIENCE/ VOLUNTEERING

Leo Lion Member - (2026 – Present)

Leo Lions Club of Batticaloa

- Actively contribute to community service initiatives, including health outreach and awareness programs.
- Collaborate with multidisciplinary teams to plan and execute volunteer projects.
- Support leadership activities and organizational development within the Leo Club network.

Media Director - (2025 – 2026)

ICCE – (International Centre for Cultural Exchange), NSBM

- Led a multidisciplinary media team to design and execute digital campaigns, increasing engagement and participation.
- Managed end-to-end content production, ensuring brand consistency and strategic communication.
- Coordinated with cross-functional teams to enhance outreach for academic and cultural programs.

Club Treasurer - (2023-2024)

Leo Club of Batticaloa - 306C2

- Managed financial operations and budgeting for community health and outreach projects with a total value exceeding LKR 5 million.
- Maintained accurate financial records and ensured transparent reporting in compliance with organizational standards.
- Supported planning and execution of funded projects by coordinating resource allocation and expense tracking.

Club Secretary - (2022-2023)

Leo Club of Batticaloa - 306C2

- Organized and coordinated health camps and awareness programs related to public health and research.
- Maintained official documentation and improved communication efficiency within the organization.

Research Content Writer - (2020 - 2022)

Ocean Biome

- Conducted research on mangrove ecosystems, including data collection, monitoring, and analysis of local biodiversity.
- Designed and delivered educational awareness programs for school children on the conservation of mangrove plants.
- Collaborated with multidisciplinary teams to plan and execute community-based environmental initiatives.

RESEARCH PROJECTS

Comparative Multidrug Resistance Profiles of *Pseudomonas aeruginosa* and *Acinetobacter baumannii* in ICU Settings in South Asia

(Systematic Research Study) - (2025-2026)

- Conducted a PRISMA-guided systematic review to evaluate multidrug resistance (MDR) patterns of major nosocomial pathogens in ICU settings across South Asia.
- Evaluated resistance mechanisms, epidemiology, and antibiotic susceptibility trends using peer-reviewed literature.
- Applied structured literature review methodologies, including data extraction, screening, and critical appraisal.
- Synthesized findings to identify emerging antimicrobial resistance (AMR) patterns and their clinical implications for infection control and treatment strategies.
- Produced structured scientific documentation aligned with international research and publication standards.

Emerging Antibiotic Resistance in Gram-Negative Bacteria: Mechanisms, Epidemiology, and Therapeutic Challenges

(Systematic Research Study) | ICTAR Conference Poster Publication (2025)

- Conducted a systematic research study analyzing emerging antibiotic resistance patterns in Gram-negative bacteria
- Synthesized scientific findings to highlight critical gaps in antimicrobial treatment strategies and infection control practices
- Developed and presented a scientific poster accepted and published at the ICTAR Conference
- Strengthened scientific communication and research presentation skills through conference-level dissemination

Key Skills: Systematic Review, PRISMA Guidelines, Data Analysis, Literature review, Scientific Writing, Epidemiology, Research Presentation

COURSES / WORKSHOPS WITH CERTIFICATION

- ICTAR Conference: Poster Presentation – Antibiotic Resistance in Gram-Negative Bacteria
- Bioloom Islands Pvt Ltd: CRISPR Applications in Environmental Detection
- ICRES Conference: Resource Efficiency Towards Sustainability
- WHO - Clinical management training
- WHO - Health Emergency Programme - Record of Achievement e-PROTECT Respiratory Infections (EN)
- WHO - Pre-deployment training for Acute Respiratory Infections
- Applying resilience thinking to national biodiversity plans – WCPA
- Resource Mobilization to Meet Nutritional Needs in Emergencies - UNICEF
- Maternal Nutrition Programming in Emergencies - UNICEF
- Infant and Young Child Feeding in Emergencies - UNICEF
- Lean Six Sigma White Belt Certification – Management and Strategy Institute
- Project Management Essential Certification – Management and Strategy Institute
- St John WA first aid course - St John (Australia)
- COVID-19: Helping Young People Manage Low Mood and Depression University of Reading

AWARDS

- Award winner in Science Quiz Competition at Zonal level - 2012 (English medium)
- Received Prize for Annual Prize Giving - (2011 - 2015)
- Successfully participated in Holistic Formation and Leadership Workshop - (2018)
- Award winner in School Educational Software Project Provincial Level - (2011)
- Successfully completed Coding and Robotic Camp Organized by Srilanka Islamic Students' Movement - (2015)
- Award for most outstanding club secretary of Leo club of Batticaloa - (2022)
- Best Projects in Leo Club of Batticaloa - (2022-2023)

PARTICIPATIONS / SPORTS

- Received award in Annual Inter-House Athletics meet - (2009 , 2010 & 2014)
- Received award in Tennis event at Inter-College Sports Meet - (2017)
- Received award in Tennis event at Zonal level Sports Meet - (2018)
